

Ohio Administrative Code

Rule 3357:15-17-07 Emergency response plan.

Effective: [May 11, 2026](#)

The emergency response plan establishes procedures and organizational structure for response to emergencies and guides response personnel and resources during major emergencies. The plan defines roles, responsibilities, and clear strategies during the initial response and throughout an emergency. The campus security office, under the direction of the CFO/vice president of business, finance, and information technology, maintains this plan and should not construe the contained information in a manner that limits the use of good judgment or common sense in unforeseen or undelineated matters. The plan will be made available to the campus community through the college website and at the campus security office.
