

Ohio Administrative Code

Rule 3364-20-10 Digital display and signage installations.

Effective: April 16, 2020

(A) Policy statement

In recognition of the historic nature and architecture of the buildings on campus, requests for permanent digital displays and permanent signage installations shall be considered for both proposed design and general appropriateness per the individual building and area setting.

(B) Purpose of policy

To define the process for review and approval of all proposed digital displays and signage installations in campus facilities.

(C) Scope

This policy applies to requests made by university departments.

(D) Procedure

All proposed requests for installation of permanent digital displays and permanent signage shall be processed through facilities and construction using the space change form. Procedure details can be found under the line entitled "digital display installation and approval" standard operating procedure ("SOP") located at <https://www.utoledo.edu/facilities/pdf/ADM-pdf/ADM-39%20Digital%20Display%20Approval.pdf>
