

Ohio Administrative Code

Rule 3701-19-35 Compliance actions and operating without a license.

Effective: December 26, 2013

(A) The department of health shall petition the court of common pleas of any county in which a person or public agency, without a license granted under section 3712.041 of the Revised Code, is holding itself out as providing a pediatric respite care program, is providing a pediatric respite care program, or is representing a health program, facility, or agency as a pediatric respite care program, for an order enjoining that person or public agency from conducting those activities without a license. The court has jurisdiction to grant injunctive relief upon a showing that the respondent named in the petition is conducting those activities without a license.

(B) Any person or public agency may request the department to petition the court for injunctive relief under this division, and the department shall do so if it determines that the person or public agency named in the request is violating paragraph (A) of this rule.
