

Ohio Administrative Code

Rule 3701-3-08 Release of patient's medical records.

Effective: [October 1, 2025](#)

Any person, hospital, clinic, agency or other institution or facility providing care or treatment to an individual suffering from a communicable disease which is to be reported under Chapter 3701. of the Revised Code and the rules adopted by the director of health, or a disease that the director requires special inquiry be made under sections 3701.13 and 3701.14 of the Revised Code, will, upon request by the director or health commissioner or their designees, provide access to the patient's medical record during an investigation of such disease.
