

Ohio Administrative Code Rule 3701-33-04 Inspections.

Effective: January 1, 2017

(A) The licensor shall inspect all agricultural labor camps and shall require compliance with sections 3733.41 to 3733.49 of the Revised Code and with this chapter prior to the issuance of a license. Each applicant shall request the pre-license inspection required by section 3733.45 of the Revised Code and this paragraph at least thirty days prior to planned occupancy. The licensor shall conduct the pre-licensure inspection within ten business days of the request.

(B) In addition to the inspection required by paragraph (A) of this rule, the licensor shall conduct any other inspections that are considered necessary to adequately enforce sections 3733.41 to 3733.49 of the Revised Code and this chapter.

(C) The licensor may, upon proper identification to the operator or his agent, enter on any agricultural labor camp or into any structure at any reasonable time for the purpose of conducting inspections required by section 3733.45 of the Revised Code.
