Rule 3701:1-58-56 Surveys of patients and human research subjects treated with a remote afterloader unit.

Effective: August 15, 2005

(A) Before releasing a patient or a human research subject from licensee control, a licensee shall survey the patient or the human research subject and the remote afterloader unit with a portable radiation detection survey instrument to confirm that the source(s) has been removed from the patient or human research subject and returned to the safe shielded position.

(B) A licensee shall retain a record of these surveys in accordance with rule 3701:1-58-87 of the Administrative Code.
