

## Ohio Administrative Code Rule 3717-1-20 Existing facilities and equipment.

Effective: September 5, 2024

---

Existing facilities and equipment in a food service operation or retail food establishment are to be replaced with equipment and facilities meeting the requirements of this chapter when any of the following occur:

(A) They no longer comply with the following:

(1) Are in good repair and can be maintained in a sanitary condition;

(2) Have food contact surfaces that comply with the requirements of this chapter;

(3) Have cooling, heating, and holding capacities that comply with the requirements of this chapter;

or

(4) Criteria upon which they were originally approved.

(B) The facilities and equipment constitute a public health hazard; or

(C) The food service operation or retail food establishment changes ownership.
