The purpose of rules 3745-103-22 to 3745-103-54 of the Administrative Code is to establish the requirements and procedures for both of the following:

- (A) The election of a combustion or process source that emits sulfur dioxide to become an affected unit under the acid rain program, pursuant to section 410 of the Clean Air Act.
- (B) Issuing and modifying operating permits; certifying monitors; and allocating, tracking, transferring, surrendering and deducting allowances for combustion or process sources electing to become affected units.
