### Rule 3745-47-16 Rights of a dismissed party and of a person denied permission to intervene.

Effective: April 2, 2012

(A) Except as otherwise provided in this paragraph, not later than forty-five days after receipt of the stenographic record of an adjudication hearing, and upon due consideration of the record, the hearing examiner shall file a report and recommendation and shall submit a copy of that report and recommendation to the director. In cases where the hearing examiner has established a post-hearing briefing schedule, the report and recommendation shall be filed and submitted not later than forty-five days after the completion of briefing. The report shall include findings of fact and conclusions of law, and the recommendation shall include the recommendations regarding the action to be taken by the director.

(B) A copy of the report and recommendation shall be mailed to all parties or their attorneys, and to the persons entitled to receive documents pursuant to rule 3745-47-05 of the Administrative Code. Copies shall be mailed by certified mail not later than five days after the submission of the report and recommendation to the director.

(C) Any person to whom a copy of the report and recommendation shall be provided pursuant to paragraph (B) of this rule may file a written statement of objections to the report and recommendation not later than ten days after receipt of the copy. All written statements of objections filed pursuant to this paragraph shall be considered by the director before issuance of a final action. Upon the director's own motion, or upon motion of any person entitled to file an objection, the director may grant extensions of the ten-day period. All objections shall state each legal and each factual basis for the objection. Where matters of fact form a basis for the objection, a citation to the record shall be included. Persons filing objections shall serve their objections upon all other persons entitled to file objections. Answers to objections may not be filed.

(D) After the hearing examiner's report and recommendation has been filed, the director, upon the director's own motion or upon motion of a party, may permit the parties to file further documentary evidence, and after granting the opposing party the opportunity to prepare, may take additional testimony or remand the matter to the hearing examiner for the taking of additional testimony.
