

## Ohio Administrative Code

### Rule 3745-50-41 Application for a permit.

Effective: January 16, 2026

---

(A) Applying for a permit. This paragraph provides information on how to obtain a permit and where to find requirements for specific permits:

- (1) Persons covered by paragraph (A) of rule 3745-50-46 of the Administrative Code need not apply.
- (2) Persons currently authorized with a permit by rule under paragraph (C) of rule 3745-50-40 of the Administrative Code shall submit to the director a "Part B" application for a hazardous waste facility installation and operation permit for the facility within one hundred eighty days after the director requests the application or upon a later date if the owner or operator of the facility demonstrates to the director good cause for the late submittal.
- (3) Persons required to have a permit (including new applicants and permittees with expiring permits) shall complete, sign, and submit an application to the director as described in Chapter 3745-50 of the Administrative Code.
- (4) Procedures for applications, issuance, and administration of emergency permits are in rule 3745-50-57 of the Administrative Code.
- (5) Procedures for a research, development, and demonstration permit are in rule 3745-50-65 of the Administrative Code.
- (6) Procedures for a standardized permit are in rules 3745-50-250 to 3745-50-320 and 3745-50-700 to 3745-50-711 of the Administrative Code.

(B) When a facility or activity is owned by one person but is operated by another person, the operator and owner shall sign the permit application.

(C) Completeness.

(1) The director shall not issue a permit before receipt of a complete application for a permit except for permits by rule, or emergency permits. An application for a permit (form U.S. EPA 8700-23, and Ohio EPA form 9027, Ohio EPA form 9028, and Ohio EPA form 9029, and any other forms required by the director, the "Part A" permit application) is complete when the director receives an application form and any supplemental information which are completed to the director's satisfaction. An application for a permit is complete notwithstanding the failure of the owner or operator to submit the exposure information described in paragraph (E) of rule 3745-50-40 of the Administrative Code. The director may deny a permit for the active life of a hazardous waste management facility or unit before receipt of a complete application for the permit.

(2) [Reserved.]

(D) Information requirements. All hazardous waste management permit applications shall include information required by rule 3745-50-43 of the Administrative Code and by the applicable provisions of rule 3745-50-44 of the Administrative Code, and the following information:

(1) The activities conducted by the applicant which require the applicant to obtain a hazardous waste management permit.

(2) Name, mailing address, and location, including latitude and longitude, of the facility for which the application is submitted.

(3) Up to four standard industrial codes (SIC codes) which best reflect the principal products or services provided by the facility.

(4) The operator's name, address, telephone number, ownership status, and status as federal, state, private, public, or other entity.

(5) A listing of all permits or construction approvals, state or federal, received or applied for, under any of the following programs:

(a) Hazardous waste management program under state or federal law.

- (b) Underground injection control (UIC) program under the Solid Waste Disposal Act.
- (c) National pollutant discharge elimination system (NPDES) program under the Clean Water Act (CWA).
- (d) Prevention of significant deterioration (PSD) program under the Clean Air Act (CAA).
- (e) Nonattainment program under the CAA.
- (f) National emission standards for hazardous air pollutants (NESHAP) preconstruction approval under the CAA.
- (g) Ocean dumping permits under the Marine Protection, Research, and Sanctuaries Act.
- (h) Dredge or fill permits under Section 404 of the CWA.
- (i) Other relevant environmental permits, including state permits.

(6) A topographic map (or other map if a topographic map is unavailable) extending one mile beyond the property boundaries of the source, that depicts:

- (a) The facility and each of the facility's intake and discharge structures;
- (b) Each of the facility's hazardous waste treatment, storage, or disposal facilities;
- (c) Each well where fluids from the facility are injected underground; and
- (d) Those wells, springs, other surface water bodies, and drinking water wells listed in public records or otherwise known to the applicant within one-quarter mile of the facility property boundary.

(7) A brief description of the nature of the business.

(8) For hazardous debris, a description of the debris categories and containment categories to be treated, stored, or disposed of at the facility.

(E) Reapplying for a permit. Persons covered by an effective permit who choose to reapply for a new permit have two options:

(1) Persons may submit a new application at least one hundred eighty days before the expiration date of the effective permit, unless the director allows a later date; or

(2) Persons who intend to be covered by a standardized permit may submit a "Notice of Intent" as described in paragraph (E)(1) of rule 3745-50-56 of the Administrative Code at least one hundred eighty days before the expiration date of the effective permit, unless the director allows a later date. The director may not allow persons to submit applications or "Notices of Intent" later than the expiration date of the existing permit, except as allowed in paragraph (E)(2) of rule 3745-50-56 of the Administrative Code.

(F) Recordkeeping. Applicants shall keep records of all data used to complete permit applications and any supplemental information submitted in accordance thereto, for a period of at least three years after the date the application is signed.
