

## Ohio Administrative Code Rule 3745-50-702 Applying for a standardized permit.

Effective: [March 7, 2025](#)

---

(A) Instructions for facility owners or operators applying for a standardized permit.

(1) Owners or operators shall comply with the requirements in rules 3745-50-700 to 3745-50-711, paragraph (A) of rule 3745-50-531, 3745-50-40, paragraphs (A) to (D) and (E) of rule 3745-50-41, and rules 3745-50-250 to 3745-50-320 of the Administrative Code.

(2) Owners or operators shall submit to the director a written "Notice of Intent" to operate under the standardized permit. Owners or operators shall also include the information and certifications required under rules 3745-50-250 to 3745-50-320 of the Administrative Code.

(B) Switching from an individual hazardous waste management permit to a standardized permit. Where all units in the hazardous waste management permit are eligible for the standardized permit, an owner or operator may request that the owner's or operator's individual hazardous waste management permit be revoked and submitted as a draft permit that is a standardized permit, in accordance with rule 3745-50-505 of the Administrative Code. Where only some of the units in the hazardous waste management permit are eligible for the standardized permit, owners or operators may request that the owner's or operator's individual permit be modified to no longer include those units and issue a standardized permit for those units in accordance with paragraph (A) of rule 3745-50-704 of the Administrative Code.
