

## Ohio Administrative Code

### Rule 3745-51-400 Applicability - emergency preparedness and response for management of excluded hazardous secondary materials.

Effective: January 16, 2026

---

The requirements of rules 3745-51-400 to 3745-51-420 of the Administrative Code apply to those areas of an entity managing hazardous secondary materials excluded under paragraphs (A)(23) and (A)(24) of rule 3745-51-04 of the Administrative Code where such materials are generated or accumulated on-site, and facilities regulated under the standards in rules 3745-266-600 to 3745-266-602 of the Administrative Code that receive ignitable spent refrigerant from off-site and that are not transfer facilities that store the refrigerants for less than ten days.

- (A) A generator of hazardous secondary material, or an intermediate or reclamation facility that accumulates six thousand kilograms (kg) or less of hazardous secondary material at any time shall comply with rules 3745-51-410 and 3745-51-411 of the Administrative Code.
- (B) A generator of hazardous secondary material, or an intermediate or reclamation facility that accumulates more than six thousand kg of hazardous secondary material at any time shall comply with rules 3745-51-410 and 3745-51-420 of the Administrative Code.
- (C) Facilities receiving refrigerant from off-site under rules 3745-266-600 to 3745-266-602 of the Administrative Code that are not transfer facilities that store the refrigerants for less than ten days shall comply with rules 3745-51-410 and 3745-51-420 of the Administrative Code.
