Rule 3745-525-70 Publicly accessible internet site requirements, 40 C.F.R. 257.107.

Effective: October 1, 2026

-
- (A) CCR website requirement. Each owner or operator of a CCR unit subject to the requirements of this chapter shall maintain a publicly accessible internet site (CCR website) containing the information specified in this rule. The owner or operator's website shall be titled "CCR Rule Compliance Data and Information." The website shall ensure that all information required to be posted is immediately available to anyone visiting the site, without requiring any prerequisite, such as registration or a requirement to submit a document request. All required information shall be clearly identifiable and shall be able to be immediately printed and downloaded by anyone accessing the site. If the owner or operator changes the web address (i.e., uniform resource locator (URL)) at any point, the owner or operator shall notify EPA via the "contact us" form on EPA's CCR website and Ohio EPA within fourteen days of making the change. The facility's CCR website shall also have a "contact us" form or a specific email address posted on the website for the public to use to submit questions and issues relating to the availability of information on the website.
- (B) CCR website for multiple CCR units or combined websites for multiple regulatory programs.
- (1) An owner or operator of more than one CCR unit subject to the provisions of this chapter may comply with the requirements of this rule by using the same internet site for multiple CCR units provided the CCR website clearly delineates information by the name or identification number of each unit.
 - (2) An owner or operator may maintain one website combining the postings required under this chapter with the postings required by other regulatory programs, provided the postings required for each regulatory program are delineated under a separate heading on the website.
- (C) Document retention on a CCR website. Unless otherwise required in this rule, the information required to be posted to the CCR website shall be made available to the public for at least five years following the date on which the information was first posted to the CCR website.
- (D) Website posting deadline after placement in operating record. Unless otherwise required in this rule, the information shall be posted to the CCR website within thirty days of placing the pertinent information required by rule 3745-525-50 of the Administrative Code in the operating record.
- (E) Location restrictions. The owner or operator of a CCR unit subject to this chapter shall place each demonstration specified under paragraph (E) of rule 3745-525-50 of the Administrative Code on the owner or operator's CCR website except each location restrictions demonstration shall be posted for five years after completion of closure by removal in accordance with paragraph (C) of rule 3745-525-720 of
