

Ohio Administrative Code

Rule 3745-525-80 Additional recordkeeping, notification, and publicly accessible internet site requirements.

Effective: October 1, 2026

-
- (A) Operating record. Concurrent with placing in the operating record the information pursuant to rule 3745-525-50 of the Administrative Code, the owner or operator shall submit the information to Ohio EPA.
- (B) Permit to install and operate. The owner or operator shall do the following:
- (1) For a new CCR unit, establish the facility CCR website, if one does not already exist, upon submitting an application for a permit to install and operate. A facility CCR website may be subject to establishment prior to submittal of the permit to install and operate to comply with the time requirements specified in rule 3745-525-70 of the Administrative Code.
 - (2) Post the application for a permit to install and operate to the facility's CCR website. Any revisions to the application shall also be placed on the facility's CCR website. Irrespective of the time requirement specified in rule 3745-525-70, posting shall be within five days of submitting documentation to Ohio EPA. The application shall be maintained until a decision is made by Ohio EPA on the application.
 - (3) Place the issued permit to install and operate, including the approved application, in the facility's operating record and post the issued permit to install and operate, including the approved application, to the facility's CCR website. Each permit to install and operate, including the approved application, shall be maintained until completion of post-closure care.
 - (4) Apply the notification requirements of rule 3745-525-60 of the Administrative Code to the permit to install and operate.
 - (5) If, prior to the effective date of this rule, a document was placed in the operating record, a notification was sent, or a document was posted on the CCR website, such placing, notifying, or posting in accordance with rules 3745-525-50, 3745-525-60, and 3745-525-70 of the Administrative Code does not need to be repeated.
