

Ohio Administrative Code Rule 3745-57-41 Waste analysis.

Effective: December 7, 2004

(A) As a portion of a trial burn plan required by rule 3745-50-62 of the Administrative Code or with "Part B" of the permit application, the owner or operator must have included an analysis of the waste feed sufficient to provide all information required by paragraphs (C)(7) to (C)(7)(e) of rule 3745-50-44 or rule 3745-50-62 of the Administrative Code. Owners or operators of new hazardous waste incinerators must provide the information required by paragraphs (C)(7) to (C)(7)(e) of rule 3745-50-44 or rule 3745-50-62 of the Administrative Code to the greatest extent possible.

(B) Throughout normal operation, the owner or operator must conduct sufficient waste analysis to verify that waste feed to the incinerator is within the physical and chemical composition limits specified in the permit [under paragraph (B) of rule 3745-57-45 of the Administrative Code].
