

## Ohio Administrative Code Rule 3745-570-130 Disposal paper.

Effective: April 6, 2025

---

(A) The owner or operator of a treatment facility shall ensure that all treated infectious waste leaving the premises is accompanied by a disposal paper legibly completed on forms prescribed by the director, or an alternative form that conforms to this rule, that contains the following:

(1) The name of the treatment facility where the infectious waste was treated, the name of the owner and operator of the treatment facility, and the address and telephone number for the treatment facility.

(2) A signed and dated certification by the owner or operator that the infectious waste has been treated by methods, techniques, and practices in accordance with this chapter.

(3) A signature in accordance with rule 3745-500-50 of the Administrative Code.

(B) A disposal paper shall accompany the treated infectious waste to the solid waste disposal facility and not be kept by a transfer facility.
