

Ohio Administrative Code

Rule 3745-580-115 Record keeping and reporting requirements for a registered scrap tire transporter.

Effective: June 30, 2023

(A) Record retention and availability. A registered scrap tire transporter shall do the following:

- (1) Maintain records specified in this rule for a period of at least three years.
- (2) Have records available for inspection by Ohio EPA or the approved board of health during normal operating hours.
- (3) Upon request, submit records to Ohio EPA or the approved board of health.

(B) Annual Report. Not later than January thirty-first of each year, a registered scrap tire transporter shall submit an annual report to Ohio EPA that is prepared on forms prescribed by the director and includes at a minimum the following information:

- (1) Records of all scrap tire shipments transported by the scrap tire transporter, based on shipping papers completed in accordance with rule 3745-580-06 of the Administrative Code.
- (2) The total quantity of scrap tires transported by the scrap tire transporter.
- (3) An estimate of the percentage of the following types of scrap tires that were transported:
 - (a) Passenger and light truck tires.
 - (b) Semi-truck tires.
 - (c) All other tires.
- (4) The total quantity of whole or processed scrap tires transported in accordance with the following:

- (a) The quantity of scrap tires transported from the following:
- (i) Locations including but not limited to scrap tire generators, solid waste facilities, construction and demolition debris facilities, construction and demolition debris processing facilities, and scrap tire beneficial use sites, by the Ohio county or state in which the scrap tires originated.
 - (ii) Another registered scrap tire transporter.
- (b) The quantity of scrap tires delivered by the scrap tire transporter to the following locations:
- (i) Scrap tire facilities and solid waste landfills. The scrap tire transporter shall identify each facility type that scrap tires were transported to including in other states.
 - (ii) Another registered scrap tire transporter.
 - (iii) A scrap tire beneficial use site.
 - (iv) A business, facility, or operation excluded from the permitting and registration specifications pursuant to rules 3745-580-205, 3745-580-305 and 3745-580-405 of the Administrative Code.
- (5) The quantity of scrap tires recorded in accordance with one of the following:
- (a) By number of scrap tires.
 - (b) By weight in tons.
 - (c) By volume in cubic feet.
- (6) A certification statement signed in accordance with rule 3745-500-50 of the Administrative Code that the information contained in the annual report is true and accurate.
