Rule 3745-580-201 Application for a scrap tire collection facility registration certificate.

Effective: June 30, 2023

(A) Application. An application for a scrap tire collection facility registration certificate shall contain at a minimum the following on forms prescribed by the director with sufficient detail to allow clear understanding for technical review of the application and to provide assurance that the scrap tire collection facility is designed and can be constructed and operated in accordance with this chapter:

(1) The name, address, email address, and telephone number for the following:

(a) The scrap tire collection facility.

(b) The operator of the scrap tire collection facility.

(c) The emergency contact person who is authorized to commit resources necessary for emergency response equipment, material, and services for the scrap tire collection facility.

(d) The owner of the real property where the scrap tire collection facility will be located.

(e) The applicant.

(2) A letter of consent for the property to be used as a scrap tire collection facility including the parcel number and a letter of permission from the property owner.

(3) Copies of the letters of intent with mail receipts that were sent in accordance with rule 3745-580-200 of the Administrative Code.

(4) A narrative that includes the following:

(a) An explanation of how the scrap tire collection facility will meet the criteria for approval specified

in rule 3745-580-203 of the Administrative Code.

(b) A description of any portable containers in which scrap tires will be stored including the number of containers, type of containers, and capacity of each container.

(c) A description of how wheel rims and associated lead weights removed from scrap tires will be segregated, stored, and managed for recycling or disposal.

(5) Methods that will be used to control the breeding of mosquitoes in accordance with paragraph (F) of rule 3745-580-210 of the Administrative Code.

(6) Security measures that will be used in accordance with paragraph (C) of rule 3745-580-210 of the Administrative Code.

(7) Measures to prevent off-site migration of run-off and residuals generated from the suppression of a fire.

(8) A certification statement and signature in accordance with rule 3745-500-50 of the Administrative Code.

(B) If the director determines that additional information is necessary to determine whether the criteria set forth in rule 3745-580-203 of the Administrative Code are satisfied, the applicant shall supply such information as a precondition to further consideration of the application.

[Comment: Rule 3745-580-203 of the Administrative Code states that an incomplete application may be a basis for denial of a registration certificate.]
