

## Ohio Administrative Code

### Rule 3745-73-02 Certification and compliance time schedules.

Effective: June 17, 2021

---

(A) All compliance times and other deadlines set forth in paragraph (C) of this rule shall be measured from November 1, 1984.

(B) No later than February 1, 1985, any owner or operator of any air contaminant source subject to rule 3745-73-03 of the Administrative Code shall do one of the following:

(1) Certify in writing to the director that the source is in compliance with rule 3745-73-03 of the Administrative Code including the following:

(a) Description of the equipment.

(b) The Ohio environmental protection agency permit application number (if assigned).

(c) All necessary data and calculations necessary to confirm the compliance status.

(d) An application for a permit to operate the source in accordance with rule 3745-35-02 of the Administrative Code if the source does not possess an effective permit.

(2) Submit an application for a permit-to-operate or an application for modification of a permit-to-operate in accordance with rule 3745-35-02 of the Administrative Code including a compliance program and time schedule which will bring the source into compliance with all the requirements of this rule and rule 3745-73-03 of the Administrative Code as expeditiously as practicable but in no event later than the dates specified in paragraph (C) of this rule, and shall identify all reasonable interim control measures.

[Comment: As of June 30, 2008, the rules in Chapter 3745-35 of the Administrative Code were moved and incorporated into the rules in Chapter 3745-31 of the Administrative Code and the rules in Chapter 3745-35 of the Administrative Code were rescinded. References to Chapter 3745-35 of

the Administrative Code remain in this rule for historical accuracy.]

(C) Any owner or operator of an air contaminant source in violation of the limitations specified in rule 3745-73-03 of the Administrative Code shall comply with the requirements as expeditiously as practicable, but in no event later than the following dates:

(1) Owners or operators of any recovery furnace in violation of paragraph (A)(1) of the rule 3745-73-03 of the Administrative Code, by March 1, 1988.

(2) Owners or operators of any digester system in violation of paragraph (A)(2) of rule 3745-73-03 of the Administrative Code, by July 1, 1986.

(3) Owners or operators of any multiple-effect evaporator system in violation of paragraph (A)(3) of rule 3745-73-03 of the Administrative Code, by July 1, 1986.

(4) Owners or operators of any lime kiln in violation of paragraph (A)(4) of rule 3745-73-03 of the Administrative Code, by November 1, 1986.

(5) Owners or operators of any condensate stripper system in violation of paragraph (A)(5) of rule 3745-73-03 of the Administrative Code, by July 1, 1986.

(6) Owners or operators of any smelt dissolving tank in violation of paragraph (A)(6) of rule 3745-73-03 of the Administrative Code, by July 1, 1986.

(7) The director may extend the final compliance obligation for any facilities within an existing Kraft pulp mill, for a period not to exceed four years after the effective date of the "Ohio State Implementation Plan" for the control of total reduced sulfur emissions, upon a showing that because of the limited remaining useful life of such facilities, they will be replaced or modified in a manner which makes them subject to federal new source performance standards.

(D) The director may modify the requirements of rule 3745-73-03 of the Administrative Code as those requirements apply to a facility, upon a showing that compliance with a requirement within the prescribed time is technically infeasible, economically unreasonable, or impossible because of
