

Ohio Administrative Code

Rule 3750-25-12 Determining notification requirements of mixtures or solutions.

Effective: April 1, 2026

- (A) An owner or operator of a facility or vessel from which a release of mixtures or solutions (including hazardous waste streams) of hazardous substances, except for radionuclides, is subject to the release notification requirements as set forth under rule 3750-25-25 of the Administrative Code if the quantity of the hazardous constituents meets either of the following:
- (1) The quantity of all of the hazardous waste constituents of the mixture or solution is known, notification is required where a reportable quantity or more of any hazardous constituents are released.
 - (2) The quantity of one or more of the hazardous constituents of the mixture or solution is unknown, notification is required where the total amount of the mixture or solution released equals or exceeds the reportable quantity for the hazardous constituent with the lowest reportable quantity.
