Rule 3770:1-9-218 Game rule number two hundred eighteen.

Effective: August 29, 2014

(A) Title and term. Ohio lottery commission game rule number two hundred eighteen, "Holiday Lucky Times Ten," shall be conducted at such times and for such periods as the commission may determine. For the purpose of this rule, "sales cycle" shall mean any such period, including reprints, beginning on the date when ticket sales are commenced and continuing through the date established by the director as the date on which sales agents are to make their final settlement with respect to tickets allocated to them during the period in game rule number two hundred eighteen.

(B) General design.

(1) Game rule number two hundred eighteen is a key number match game with an instant win feature and a "Bonus" multiplying feature, and is generally known as an "instant lottery."

(2) Holders of valid tickets will remove the covering off the entire play area to reveal three "Lucky Numbers," ten "Your Holiday Numbers" and ten corresponding prize values. If any one or more of "Your Holiday Number(s)" matches one or more of the "Lucky Number(s)," the player wins the corresponding prize values shown below the matching "Your Holiday Number(s)." If the player reveals a "Star" symbol in any of the "Your Holiday Numbers" play spots, the player wins its corresponding prize value automatically. The player will then scratch the "Bonus" number play area under which a number will be revealed. The player will multiply the total prize amount won in the main play area by the "Bonus" number revealed to determine the total prize award. "Bonus" numbers may include the numbers one, two, four, five and ten. If the player matches any one of "Your Holiday Numbers" to one of the "Lucky Numbers" or a "Star" symbol is revealed in any of the "Your Holiday Numbers" play spots and the corresponding prize value revealed is a "TPD" symbol, the player wins five thousand five hundred dollars automatically, and, upon the filing of a valid claim at an Ohio lottery commission office, shall also automatically be entered in the Top Prize Drawing ("TPD") to win a two hundred fifty thousand dollar grand prize. The Top Prize Drawing shall be conducted in accordance with Ohio lottery rules and procedures established and approved by the director. There are ten chances to win on each ticket, and a player may win up to ten times on one

ticket.

(3) As used in this rule, "prize award" shall mean one of the following monetary figures which is the total of all winning prize values appearing on the ticket or the total of all winning prize values multiplied by any applicable "Bonus" factor: five dollars, ten dollars, twenty dollars, twenty-five dollars, fifty dollars, one hundred dollars, five hundred dollars, one thousand dollars, two thousand dollars, five thousand five hundred dollars, ten thousand dollars, fifty thousand dollars and two hundred fifty thousand dollars.
