Ohio Administrative Code

Rule 3772-11-24 Mandatory table game count procedure.

Effective: May 19, 2012

Each casino operator's internal controls shall establish the times when drop boxes will be removed and the contents counted. The removal and counting of contents at other than the designated times shall be prohibited, unless the casino operator provides advance written notice to the commission's gaming agent on site of a change in times or the commission requires a change of authorized times.
