

Ohio Administrative Code

Rule 4301:1-1-11 Permits, procedure where quota is filled.

Effective: [November 15, 2014](#)

When in any county, city, village, or unincorporated area of a township the quota for Class C-1, C-2, D-1, D-2, D-3, D-4, D-5, D-5b, D-5j, D-5l, or D-7 permits has been filled, the division shall notify the applicant for such a permit that such quota is filled. The division shall return the permit fee to the applicant, and retain the application on file until an opening in the quota is created, unless the applicant indicates it wishes the division to retain the permit fee on file with the application or cancel the application. Upon the cancellation or revocation, of any issued permit, or the expiration of any issued permit through the failure of the permit holder to renew pursuant to Revised Code section 4303.271 in a location where the quota is filled, then the division shall process applications in the order in which the same were filed with the division, until the quota is again filled.
