

Ohio Administrative Code

Rule 4301:1-1-21 Permits shall be posted conspicuously on premises.

Effective: May 16, 2021

(A) The current, original permit issued by the division shall always be kept on the licensed premises.

(B) Every permit holder shall conspicuously display on the permit premises, whether it is the original or an accurate copy thereof, the currently issued permit or other documentation demonstrating that the permit holder has the authority to operate. At the liquor control commission's discretion, a suspension or forfeiture in lieu of suspension can be levied for a fraudulent permit or fraudulent authority to operate in addition to any other penalty.

(C) A permit holder, provided it has not paid a forfeiture in lieu of a suspension, who receives a suspension order from the liquor control commission shall post a copy of the suspension order over the permit or documentation demonstrating its authority to operate as described within paragraph (B) of this rule, from the date and time that the suspension begins until it ends.

(D) A permit holder cannot sell alcoholic beverages during a suspension. Purchases or deliveries of alcoholic beverages from the division of liquor control or from an A or B permit holder are permitted during the final fourteen days of any suspension period.
