

Ohio Administrative Code

Rule 4301:1-1-27 Spigots; brand name appearing on.

Effective: May 16, 2021

(A) Tap markers or other devices.

(1) A tap marker shall be attached to the spigot or apparatus used for the dispensing of any alcoholic beverages in a permit premises.

(2) Other devices used to identify the alcoholic beverages dispensed from a tap shall clearly identify the tap in use.

(3) The tap marker or other device shall identify to the consumer the product being dispensed.

(B) The manufacturers name or the brand name of the product dispensed, as it appears upon the tap marker or other device, must be:

(1) Legible;

(2) In full view of the purchaser, if the alcoholic beverage is served at the bar within the permit premises; and

(3) Attached to both:

(a) The line that carries or conveys the alcoholic beverage to the spigot or other dispensing apparatus; and

(b) The container from which the alcoholic beverage is drawn.
