

Ohio Administrative Code

Rule 4501-7-33 Use of driver examination test routes by a CDL school prohibited.

Effective: October 8, 2009

(A) No authorizing official or training manager of a driver training enterprise or school shall use, or permit the school's instructors to use, any driver test routes or sites of a driver license examination station for instruction during the hours the examining station is open for business.

(B) No driver training instructor shall use any driver test routes or sites of a driver license examination station for instruction during the hours that the examining station is open for business.
