

## Ohio Administrative Code

### Rule 4501:1-8-16 Household goods carriers.

Effective: April 29, 2007

---

(A) Household goods carriers using equipment leased from service representatives may elect, with respect to such equipment, to base such equipment in the base jurisdiction of the service representative or that of the carrier.

(B) In cases where the household goods carrier's equipment is elected to be registered in the base jurisdiction of the service representative, the equipment shall be registered in the service representative's name and that of the carrier as lessee with apportionment of the fees according to the combined records of the service representative and those of the carrier.

(C) If the election to register is the base jurisdiction of the carrier, and such jurisdiction is an IRP member jurisdiction, the equipment shall be registered by and in the name of the carrier and that of the service representative as lessor with the apportionment of the fees according to the records of the carrier and service representative which must include the intra-jurisdiction miles operated by those vehicles applicable under this agreement. The records shall be kept or made available in the base jurisdiction of the carrier. Service representatives properly registered under this election shall be fully registered for operations under their own authority as well as under the authority of the carrier.
