

Ohio Administrative Code

Rule 4501:2-1-04 Issuance of safety sticker - type sticker.

Effective: June 18, 2006

(A) All political subdivisions of this state engaging in motor vehicle inspection, upon determining that a vehicle complies with the requirements of Chapter 4513. of the Revised Code and the rules of this chapter shall affix a safety sticker to the windshield of said vehicle.

(B) The safety sticker shall be affixed in compliance with section 4513.24 of the Revised Code. Said safety sticker shall meet the following specifications:

(1) Shall be of such type to prevent it from being removed from the windshield of the vehicle without being destroyed.

(2) Shall be of a size not exceeding two and three-quarter inches by two and three-quarter inches.

(3) Shall include the following information: Calendar year, month inspection made, a numerical serial number and identification of issuing inspection station.

(4) In lieu of producing its own inspection decal that meets the requirements of paragraphs (B)(1) to (B)(3) of this rule, an official motor vehicle inspection station authorized to conduct official motor vehicle inspections by the Ohio state highway patrol may use the motor vehicle inspection decal issued to the inspection station by the Ohio state highway patrol.
