

Ohio Administrative Code

Rule 4713-15-05 Proper protection of neck.

Effective: January 1, 2026

A licensee or boutique services registration holder shall use the appropriate draping for the service provided in accordance with prevailing standards. A cape may come in direct contact with a patron only if it has not been used on another patron prior to being properly laundered as described in rule 4713-15-11 of the Administrative Code. If a cape is reused, a licensee or boutique services registration holder shall use a neck strip, or a clean towel to prevent the cape or other similar article from coming into direct contact with a patron. No reusable neckstrip shall be used more than once without proper disinfection as described in rule 4713-15-02 of the Administrative Code. No towels shall be used more than once without proper laundering as described in rule 4713-15-11 of the Administrative Code.
