

Ohio Administrative Code

Rule 4713-8-09 Temporary event salon/barber shop license.

Effective: August 4, 2023

(A) The board may issue a temporary event salon/barber shop license for events located on premises other than a fixed location to licensees who do not qualify for an exemption under section 4713.351 of the Revised Code. A temporary event salon/barber shop license is required when the services provided are not incidental to a licensee's practice in a salon or barber shop. A temporary event salon/barber shop license is valid for the premise where the event is held. The event location must be reported to the board prior to the event on forms prescribed by the board. A holder of a temporary event salon/barber shop license issued under this rule may report a monthly schedule of events and premises in a manner prescribed by the board, in lieu of reporting each premise location separately. Upon recording the new temporary event salon/barber shop premise(s), the cosmetology or barbering services may only be offered at the new salon or shop premise(s) of record.

(B) The types of event premises contemplated by this rule include, but are not limited to, locations where the following events are held: charity events, on-location bridal preparation, bridal shows, and on-location spa events. Also contemplated by this rule are locations such as private residences, care facilities, nursing homes lacking a fixed location salon or barber shop, hospitals, and other health care facilities where elderly or disabled individuals reside who are confined and physically unable to visit a fixed location salon or barber shop.

(C) The applicant shall be responsible for affirming that the salon or barber shop premise for the temporary event will meet the conditions for a salon license under section 4713.41 of the Revised Code or barber shop license under section 4709.09 of the Revised Code. In addition, the applicant shall submit the following:

(1) An application fee of ten dollars;

(2) A complete application form, including:

(a) The name and type of event where cosmetology, barber, or boutique services are to be performed;

- (b) The date of the event;
 - (c) The location of the premise where salon or barber shop services shall be performed; and
 - (d) The applicant's address of record.
- (D) Licensees and boutique services registration holders shall be responsible for ensuring that they are fully supplied and equipped when they perform services at the premise of record and that they are compliant with all safety and sanitation standards contained in the laws and rules regulating the practice of cosmetology or branches of cosmetology under Chapter 4713. of the Revised Code or barbering under Chapter 4709. of the Revised Code, and rules adopted thereunder.
- (E) The board expressly reserves the right to inspect temporary event salon/shop premises at random and without notice.
