

## Ohio Administrative Code

### Rule 4723-18-07 Standards and procedures for remediation.

Effective: February 1, 2014

---

(A) An individual shall be notified in writing of a determination by the supervising member that their identified practice deficiency may be remediated through participation in the practice intervention and improvement program.

(B) In order to participate in PIIP, an eligible licensee or certificate holder shall enter into the participatory agreement set forth in rule 4723-18-04 of the Administrative Code.

(C) The participant shall notify PIIP in writing of the educational intervention selected within the time frame specified in the participatory agreement. The written notification shall include a copy of the learning activity's content and objectives that demonstrate it meets the prescribed educational intervention requirements.

(D) When the participant's educational intervention is provided by an employer through an employed or contracted registered nurse, the participant shall provide the registered nurse with a copy of the participatory agreement and provide PIIP with documentation of the registered nurse's receipt of the agreement.

(E) The participant shall provide documentation acceptable to PIIP that all educational interventions have been successfully completed within the specified timeframe.

(F) According to rule 4723-18-08 of the Administrative Code, PIIP shall establish workplace monitoring requirements that a participant must meet in order to demonstrate that the learned knowledge and skills have been incorporated into the participant's practice and shall notify the participant and the participant's workplace monitor in writing of these requirements.

(G) Upon receipt of evidence that the participant has failed to successfully complete the remediation, PIIP shall immediately notify the supervising member.
