

Ohio Administrative Code Rule 4901:1-27-04 Expired certificates.

Effective: July 15, 2024

Any retail natural gas supplier or governmental aggregator that fails to file an application for certification renewal pursuant to rule 4901:1-27-09 of the Administrative Code prior to the expiration date on the certificate must file a new application for certification under the existing certification case number and may request, no later than sixty days after the expiration date on the certificate, to extend its previous certificate for up to ninety days while the new application is reviewed. If the motion is filed in conformance with rule 4901:1-27-07 of the Administrative Code, it will be deemed automatically approved unless, within three business days of filing, the commission or an attorney examiner appointed by the commission rules otherwise.
