

Ohio Administrative Code Rule 4901:1-40-02 Purpose and scope.

Effective: June 15, 2023

(A) This chapter addresses the implementation of the renewable portfolio standard, including the incorporation of renewable energy credits, as detailed in sections 4928.64 and 4928.645 of the Revised Code respectively. Parties affected by these renewable portfolio standard rules include all Ohio electric utilities and all electric services companies serving retail electric customers in Ohio.

(B) The commission may, upon an application or a motion filed by a party, waive any requirement of this chapter, other than a requirement mandated by statute, for good cause shown.
