

Ohio Administrative Code Rule 4906-3-02 Preapplication meeting.

Effective: [May 30, 2024](#)

An applicant considering construction of a major utility facility or economically significant wind farm may request a preapplication meeting with the board staff prior to submitting an application. The results of such meeting(s) in no way constitute approval or disapproval of a particular site or route, and in no way predetermine the board's decision regarding subsequent certification or approval.
