

Ohio Administrative Code

Rule 5501:1-8-07 Abandonment of a permitted structure.

Effective: November 28, 2024

In the event that a permitted structure is abandoned, the permit holder shall continue to maintain obstruction marking and lighting unless the structure is otherwise physically removed.

If the office receives notice that a permitted structure is abandoned, the office will notify all impacted airports that have a commercial operating certificate or certificate issued by the FAA under 14 C.F.R. Part 139, as amended.
