

## Ohio Administrative Code Rule 5537-2-19 Traffic-control signals.

Effective: March 3, 2001

---

All operators of vehicles approaching traffic-control signals exhibiting colored lights shall comply with the signals of the lights indicating the following:

- (A) Green light - indicates that the traffic lane over which the light is displayed is open to traffic.
  - (B) Red light - indicates that the traffic lane over which the light is displayed is closed to traffic.
  - (C) Flashing light - indicates that all traffic shall reduce speed and proceed with caution and in compliance with all supplemental and related traffic signs.
-
