

Ohio Administrative Code

Rule 901:1-5-03 Brucellosis herd test.

Effective: July 17, 2026

- (A) A brucellosis herd test of cattle includes a test of each bovine animal six months of age or older except steers, spayed heifers and official brucellosis vaccinates under twenty-four months of age. A brucellosis herd test of cattle shall include a test of each official brucellosis vaccinate over twenty months of age.
- (B) A brucellosis herd test of swine includes a test of each breeding swine six months of age and older.
- (C) Any veterinarian who submits samples for a brucellosis test, shall include in the report required by division (C) of section 941.24 of the Revised Code:
 - (1) The name and address of the owner;
 - (2) Date of test or sample collection; and
 - (3) Official identification, age, sex, and breed of each individual animal tested or sampled.
