

Ohio Administrative Code

Rule 901:1-5-04 Quarantining for brucellosis.

Effective: [July 17, 2026](#)

- (A) The chief shall place under quarantine any premises on which brucellosis is suspected or known to exist.
- (B) The chief or the chief's designee may release any premises from quarantine upon evidence of a complete negative herd test made not less than sixty days following the removal of all reactor animals.
