

## Ohio Administrative Code

### Rule 901:9-1-33 Identification of equipment, rigging, bungee cord and safety equipment.

Effective: December 28, 1992

- 
- (A) Each bungee cord shall have its own permanent identification number.
  - (B) The form of identification shall not damage or detract from the integrity of the material.
  - (C) The identification shall be clearly visible to the operators during daily operations.
  - (D) The identification of each piece of equipment shall be recorded in the site operating manual.
-
