APPENDIX C

RADIATION-GENERATING EQUIPMENT INSPECTION FEES

Each hospital having one to ten x-ray tubes	\$800.00 <u>\$960.00</u>
Each hospital having eleven to twenty-five x-ray tubes	\$1,500.00 <u>\$1,800.00</u>
Each hospital having more than twenty-five x-ray tubes	\$2,200.00 <u>\$2,640.00</u>
Each cabinet, gauging, or analytical x-ray tube used in non-health care applications	\$100.00 <u>\$120.00</u>
Each x-ray tube other than cabinet, gauging, or analytical x-ray tubes used in non-health care applications	\$200.00 <u>\$240.00</u>
Each unit of ionizing radiation-generating equipment capable of operating at or above 250 kilovoltage peak	\$508.00 <u>\$610.00</u>
Each assembler-maintainer inspection consisting of an inspection of records and operating procedures of handlers that install sources of radiation or <u>maintain radiation-generating equipment</u>	\$317.00 <u>\$380.00</u>
<u>Each facility that is not registered and for which no registration application is pending at the time of inspection.</u>	<u>\$474.00 plus the fee applicable under this rule.</u>
<u>A review of shielding plans or the adequacy of shielding for each room where radiation-generating equipment is used.</u>	<u>\$762.00</u>
