Ohio BWC

2022 Ohio Bureau of Workers' Compensation Ambulatory Surgery Center Fee Schedule

The five character codes included in the Ohio Bureau of Workers' Compensation (BWC) 2022 Ambulatory Surgical Center Fee Schedule are obtained from Current Procedural Terminology (CPT®), copyright 2021 by the American Medical Association (AMA) and from the Health Care Procedure Coding System (HCPCS) National Level II Medicare codes.

CPT® is developed by the AMA as a listing of descriptive terms and five character identifying codes and modifiers for reporting medical services and procedures performed by physicians.

HCPCS are released by the Center for Medicare and Medicaid Services (CMS) as a listing of five character codes and descriptive terminology used for reporting supplies, materials and services by health care providers.

The responsibility for the content of the BWC 2022 Ambulatory Surgical Center Fee Schedule is with the State of Ohio Bureau of Workers' Compensation and no endorsement by the AMA is intended or should be implied. The AMA disclaims responsibility for any consequences or liability attributable or related to any use, nonuse or interpretation of information contained in the BWC 2022 Ambulatory Surgical Center Fee Schedule. No fee schedules, basic unit values, relative value guides, conversion factors or scales are included in any part of CPT®. Any use of CPT® outside of the BWC 2022 Ambulatory Surgical Center Fee Schedule should refer to the most current *Current Procedural Terminology* which contains the complete and most current listing of CPT® codes and descriptive terms. Applicable FARS/DFARS apply.

For the purposes of this fee schedule services and/or supplies must be medically necessary for the treatment of the work related injury. The following definitions apply:	
By Report (BR)	The procedure or service is not typically covered and will not routinely be reimbursed. Many of the -BR codes are unclassified/unspecified generic codes and are currently assigned a dollar amount of \$0.00. Authorization and payment of codes identified as -BR require an individual analysis by the MCO prior to submission to BWC. The MCO analysis shall include researching the appropriateness of the code in relation to the service or procedure. If the pricing is listed at \$0.00, the MCO shall perform a cost comparison to determine a reasonable price. The MCO shall utilize the price to negotiate a final reimbursement rate. The provider must submit a report to the MCO for reimbursement consideration.
Bundled (BN)	BN indicates that reimbursement for the covered procedure, service or supply is bundled into the payment rate for the associated surgical procedure. No separate payment for these services.
BWC-certified ASC arthroplasty center (AC)	These procedures may be reimbursed to ASCs which have been BWC-certified as ASC arthroplasty centers to perform the procedure according to rule OAC 4123-6-02.22. Not reimbursable to ASCs without this certification.
BWC Rate	Reimbursement rate for the ASC facility for CPT® and HCPCS Level II codes.
Never Covered (NC)	The procedure or service is never covered.
Not Routinely Covered (NRC)	The procedure or service is not covered unless application of the <i>Miller</i> criteria requires an exception. See: OAC 4123-6-16.2(B)(1) through (B)(3). Where coverage is required, the pricing is listed on the fee schedule. If the pricing is listed at \$0.00, the MCO shall perform a cost comparison to determine a reasonable price. The MCO shall utilize the price to negotiate a final reimbursement rate.

Modifiers: BWC accepts all industry-standard modifiers as published with CPT codes by the AMA and published by CMS with HCPCS level II codes in effect on the billed date of service. Unless otherwise specified in this document, modifiers will not affect the fee schedule amount calculated for a procedure.	
Modifier 50	Bilateral procedure. Reimbursement is 150% of fee schedule amount.
Modifier 52	Reduced services. Reimbursement is 50% of fee schedule amount.
Modifier 73	Discontinued procedure prior to administration of anesthesia. Reimbursement is 50% of fee schedule amount.
Modifier 74	Discontinued procedure after administration of anesthesia. Reimbursement is 100% of fee schedule amount.
Modifier FB	Item provided without cost to provider, or full credit received for replaced device (examples, but not limited to, covered under warranty, replaced due to defect, free samples). 2022 Ohio Bureau of Workers' Compensation Ambulatory Surgery Center Fee Schedule

Modifier FC	Partial credit received for replaced device. When this modifier is billed, BWC will subtract the partial cost device offset amount from the final fee. Reimbursement when FC modifier is appended to the surgical procedure is listed in Column F of the fee tab.
Multiple Procedure Discounting	Services eligible for multiple procedure discounting are labeled as "Y" in the column titled "Subject to Multiple Procedure Discounting" of this appendix. When multiple surgical procedures in the same operative session are subject to the multiple procedure discount, reimbursement shall be at 100% of the fee schedule amount for the highest paying surgical procedure on the bill, plus 50% of the applicable fee schedule amount(s) for the other ASC-covered surgical procedures subject to multiple procedure discounting.
Medically Unlikely Edits (MUE)	An MUE for a HCPCS/CPT code reflects the number of units of service a provider will use in most circumstances when treating an injured worker. Medical documentation supporting the necessity of additional units of service must be provided to an MCO when additional units of services beyond the listed MUE are necessary.
