

3349-5-45 International travel.**(A) Scope**

Students participating in international activities/educational experiences sponsored/approved and/or funded by northeast Ohio medical university (NEOMED) must comply with all obligations set forth in this rule and its associated forms.

(B) Purpose

This rule is implemented in order to uphold the values of safety and education at NEOMED and in order to minimize the liability of the university regarding student international experiences.

(C) Body of rule

(1) A student's eligibility to participate in an international experience is conditional upon written approval of the individual international experience by the course director in collaboration with the office of academic services, receipt by the office of all documentation as required by the procedures outlined in this rule, and verification by the registrar that the student is in good academic standing as determined by their individual degree program.

(2) International experience approval by the university

The international experience committee (or the committee) will include the following members:

(a) One faculty member with experience in international travel

(b) One representative from general counsel

(c) One faculty representative from each college (medicine, pharmacy and graduate studies)

- (d) One representative from student affairs
 - (e) One representative from academic services
 - (f) One representative from enrollment services
 - (g) One representative from global engagement
- (3) International travel for academic credit and/or funded by NEOMED to a country with a U.S. Department of State issued travel warning requires approval from the international experience committee.
- (4) International travel for academic credit and/or funded by NEOMED to all other countries requires approval from the office of global engagement.
- (5) Approval of an international experience for academic credit is the responsibility of the course director.
- (6) Funding approval for extra-curricular international experiences is the responsibility of the NEOMED student council (NSC).
- (7) The purpose of the international experience committee will be to judge the safety of an international experience and approve the experience for university student participation.
- (8) The international experience committee will meet as needed based on the travel request submitted by students.
- (9) Procedures to student international experience approval
- (a) All submissions to the committee must be turned in to the office of global engagement for distribution to the committee a minimum of two weeks prior to the next committee meeting.

(b) Committee meeting dates are posted on the student activities calendar.

(10) Faculty responsibility:

Any university faculty who wish to organize an international experience that will include university students (for academic credit or extra-curricular activity funded by the university) must submit a written application, for review by the office of global engagement, fulfilling the requirements as outlined in the application available in the office of global engagement. Once a faculty member has received approval for his/her international experience, students who wish to participate in the international experience need not submit individual applications to the international experience committee for approval (students must still submit all required documents to the office of global engagement as required by this rule).

(11) Student responsibility:

(a) Any student wishing to receive funding for an extra-curricular international experience (research, mission, conference) must adhere to the procedures for requesting student funding outlined by the NEOMED student council.

(b) If an international experience is currently approved by the committee through petition, the student need not submit individual applications to the committee for approval (students must still submit all required documents as required by this rule).

(c) If an international experience is not currently approved, it is the responsibility of the student wishing to participate to submit an application fulfilling the requirements available in the office of global engagement.

(12) Committee decision

(a) If the international experience is approved by the office of global engagement or the committee, the submitting student or faculty will be notified of approval status by an official letter from the office of global engagement within five business days after the committee meeting. Students should not make any travel arrangements prior to receiving written approval from the office of global engagement or the committee. Please note that although the student may receive informal communication regarding the status of the international experience acceptance, it is not official until the formal approval letter is received. Letters are sent to the student's NEOMED email address. It is important to remember that a student's eligibility to participate in an international experience is conditional upon both written approval by committee and receipt by the office of global engagement of all documentation as required by these rule procedures. Furthermore, a student must be in good academic standing as determined by his/her individual degree program.

(b) If an international experience is denied approval by the office of global engagement or the committee, the submitting student or faculty will be notified of international experience denial status by an official letter from the office of global engagement within five business days after the committee meeting. The denial letter will include a detailed explanation listing the reasons why the committee rejected approval of the international experience.
