

Ohio Revised Code

Section 125.14 Investment recovery fund - recycled materials fund.

Effective: October 17, 2019

Legislation: House Bill 166 - 133rd General Assembly

(A) The director of administrative services shall allocate any proceeds from the transfer, sale, or lease of excess and surplus supplies in the following manner:

(1) Except as otherwise provided in division (A)(2) of this section, the proceeds of such a transfer, sale, or lease shall be paid into the state treasury to the credit of the investment recovery fund, which is hereby created.

(2) Except as otherwise provided in division (A)(2) of this section, when supplies originally were purchased with funds from nongeneral revenue fund sources, the director shall determine what fund or account originally was used to purchase the supplies, and the credit for the proceeds from any transfer, sale, or lease of those supplies shall be transferred to that fund or account. If the director cannot determine which fund or account originally was used to purchase the supplies, if the fund or account is no longer active, or if the proceeds from the transfer, sale, or lease of a unit of supplies are less than one hundred dollars or any larger amount the director may establish with the approval of the director of budget and management, then the proceeds from the transfer, sale, or lease of such supplies shall be paid into the state treasury to the credit of the investment recovery fund.

(B) The investment recovery fund shall be used to pay for the operating expenses of the state surplus property program and of the federal surplus property program described in sections 125.84 to 125.90 of the Revised Code. Any amounts in excess of these operating expenses shall periodically be transferred to the general revenue fund of the state. If proceeds paid into the investment recovery fund are insufficient to pay for the program's operating expenses, a service fee may be charged to state agencies to eliminate the deficit.

(C) Proceeds from the sale of recyclable goods and materials shall be paid into the state treasury to the credit of the recycled materials fund, which is hereby created, except that the director of environmental protection, upon request, may grant an exemption from this requirement. The director shall administer the fund for the benefit of recycling programs in state agencies.
