(2) Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality;

(3)(a) Bonds, notes, and other obligations of the state of Ohio, including, but not limited to, any obligations issued by the treasurer of state, the Ohio public facilities commission, the Ohio housing finance agency, the Ohio water development authority, the Ohio turnpike infrastructure commission, the Ohio higher educational facility commission, and state institutions of higher education as defined in section 3345.011 of the Revised Code;

(b) Bonds, notes, and other obligations of any state or political subdivision thereof rated in the three highest categories by at least one nationally recognized statistical rating organization and purchased through a registered securities broker or dealer, provided the treasurer of state is not the sole purchaser of the bonds, notes, or other obligations at original issuance.

(4)(a) Written repurchase agreements with any eligible Ohio financial institution that is a member of the federal reserve system or federal home loan bank, any registered United States government securities dealer, or any counterparty rated in one of the three highest categories by at least one nationally recognized statistical rating organization or otherwise determined by the treasurer of state to have adequate capital and liquidity, under the terms of which agreement the treasurer of state purchases and the eligible financial institution, dealer, or counterparty agrees unconditionally to repurchase any of the securities that are listed in division (A)(1), (2), (3), (6), or (11) of this section. The market value of securities subject to these transactions must exceed the principal value of the repurchase agreement by an amount specified by the treasurer of state, and the securities must be delivered into the custody of the treasurer of state or the qualified trustee or agent designated by the treasurer of state. The agreement shall contain the requirement that for each transaction pursuant to

the agreement, the participating institution, dealer, or counterparty shall provide all of the following information:

(i) The par value of the securities;

(ii) The type, rate, and maturity date of the securities;

(iii) A numerical identifier generally accepted in the securities industry that designates the securities.

(b) The treasurer of state also may sell any securities, listed in division (A)(1), (2), (6), or (11) of this section, regardless of maturity or time of redemption of the securities, under the same terms and conditions for repurchase, provided that the securities have been fully paid for and are owned by the treasurer of state at the time of the sale.

(c) For purposes of division (A)(4) of this section, the treasurer of state shall only buy or sell securities listed in division (A)(11) of this section issued by entities that are organized under the laws of this state, any other state, or the United States.

(5) Securities lending agreements with any eligible financial institution that is a member of the federal reserve system or federal home loan bank or any recognized United States government securities dealer, under the terms of which agreements the treasurer of state lends securities and the eligible financial institution or dealer agrees to simultaneously exchange similar securities or cash, equal value for equal value.

Securities and cash received as collateral for a securities lending agreement are not interim funds of the state. The investment of cash collateral received pursuant to a securities lending agreement may be invested only in such instruments specified by the treasurer of state in accordance with a written investment policy.

(6) Various forms of commercial paper issued by any entity that is organized under the laws of the United States or a state, which notes are rated in the two highest categories by two nationally recognized statistical rating organizations, provided that the total amount invested under this section in any commercial paper at any time shall not exceed forty per cent of the state's total average portfolio, as determined and calculated by the treasurer of state;

Interim funds invested in accordance with division (A)(9) of this section are not limited to institutions applying for interim moneys under section 135.08 of the Revised Code, nor are they subject to any pledging requirements described in sections 135.18, 135.181, or 135.182 of the Revised Code.

(10) The state treasurer's investment pool authorized under section 135.45 of the Revised Code;

(11) Debt interests, other than commercial paper described in division (A)(6) of this section, rated in the four highest categories by two nationally recognized statistical rating organizations and issued by entities that are organized under the laws of the United States or a state, or issued by foreign nations diplomatically recognized by the United States government, or any instrument based on, derived from, or related to such interests, provided that:

(a) The investments in debt interests other than commercial paper, when added to the investment in written repurchase agreements for securities listed in division (A)(3) or (11) of this section, shall not exceed in the aggregate twenty-five per cent of the state's portfolio.

(d) When added to the investment in commercial paper and negotiable certificates of deposit, the investments in the debt interests of a single issuer shall not exceed in the aggregate five per cent of the state's portfolio.

(e) For purposes of division (A)(11) of this section, a debt interest is rated in the four highest categories by two nationally recognized statistical rating organizations if either the debt interest itself or the issuer of the debt interest is rated, or is implicitly rated, in the four highest categories by two nationally recognized statistical rating organizations.

(f) For purposes of division (A)(11) of this section, the "state's portfolio" means the state's total average portfolio, as determined and calculated by the treasurer of state.

(12) No-load money market mutual funds rated in the highest category by one nationally recognized statistical rating organization or consisting exclusively of obligations described in division (A)(1), (2), or (6) of this section and repurchase agreements secured by such obligations;

(14) Obligations issued by the state of Ohio, any political subdivision thereof, or by or on behalf of any nonprofit corporation or association doing business in this state rated in the four highest categories by at least one nationally recognized statistical rating organization and identified in an agreement described in division (K) of this section.

(B)(1) On or before the tenth day of each month, the treasurer of state shall notify the state board of deposit that the following reports pertaining to the immediately preceding month have been posted to the web site maintained by the treasurer of state:

(b) The monthly portfolio report detailing the current inventory of all investments and deposits held within the classification of interim moneys;

(c) The monthly activity report within the classification of interim moneys summarized by type of investment or deposit.

(2) In the event the state board of deposit does not concur in such classification or in the investments or deposits made under this section, subject to division (B)(3) of this section, the board may order the treasurer of state to sell or liquidate any of the investments or deposits, and any such order shall specifically describe the investments or deposits and fix the date upon which they are to be sold or liquidated. Investments or deposits so ordered to be sold or liquidated shall be sold or liquidated for cash by the treasurer of state on the date fixed in such order at the then current market price. Neither the treasurer of state nor the members of the state board of deposit shall be held accountable for any loss occasioned by sales or

liquidations of investments or deposits at prices lower than their cost. Any loss or expense incurred in making these sales or liquidations is payable as other expenses of the treasurer's office.

(3) Unless expressly authorized by the laws of this state, the state board of deposit shall not order the treasurer of state to sell or liquidate investments or deposits with the primary purpose of influencing any environmental, social, personal, or ideological policy.

(C) If any securities or obligations invested in by the treasurer of state pursuant to this section are registrable either as to principal or interest, or both, such securities or obligations shall be registered in the name of the treasurer of state.

(D) The treasurer of state is responsible for the safekeeping of all securities or obligations under this section. Any such securities or obligations may be deposited for safekeeping as provided in section 113.05 of the Revised Code.

(E) Interest earned on any investments or deposits authorized by this section shall be collected by the treasurer of state and credited by the treasurer of state to the proper fund of the state.

(F) Whenever investments or deposits acquired under this section mature and become due and payable, the treasurer of state shall present them for payment according to their tenor, and shall collect the moneys payable thereon. The moneys so collected shall be treated as public moneys subject to sections 135.01 to 135.21 of the Revised Code.

(G) The treasurer of state and any entity issuing obligations referred to in division (A)(13) of this section, which obligations mature within one year from the original date of issuance, may enter into an agreement providing for:

(1) The purchase of those obligations by the treasurer of state on terms and subject to conditions set forth in the agreement;

(2) The payment to the treasurer of state of a reasonable fee as consideration for the agreement of the treasurer of state to purchase those obligations.

(H) For purposes of division (G) of this section, a fee shall not be considered reasonable unless it is set to recover only the direct costs, a reasonable estimate of the indirect costs associated with the purchasing of obligations under division (G) of this section and any reselling of the obligations or any interest in the obligations, including interests in a fund comprised of the obligations, and the administration thereof. No money from the general revenue fund shall be used to subsidize the purchase or resale of these obligations.

(I) All money collected by the treasurer of state from the fee imposed by division (G) of this section shall be deposited to the credit of the state political subdivision obligations fund, which

is hereby created in the state treasury. Money credited to the fund shall be used solely to pay the treasurer of state's direct and indirect costs associated with purchasing and reselling obligations under division (G) of this section.

(J) As used in this section, "political subdivision" means a county, township, municipal corporation, school district, or other body corporate and politic responsible for governmental activities in a geographic area smaller than that of the state.

(K)(1) The treasurer of state and any entity issuing obligations referred to in division (A)(14) of this section, which obligations require a conditional liquidity requirement, may enter into an agreement providing for the following:

(a) The purchase of the obligations by the treasurer of state on terms and subject to conditions set forth in the agreement;

(b) Payment to the treasurer of state of a fee as consideration for the agreement of the treasurer of state to purchase the obligations.

(2) The treasurer of state shall not enter into agreements under division (K)(1) of this section for obligations that, in the aggregate, exceed ten per cent of the state's total average portfolio, as determined and calculated by the treasurer of state.

(3) For purposes of division (A)(14) of this section, an obligation is rated in the four highest categories by at least one nationally recognized statistical rating organization if either the debt interest itself or the obligor of the debt interest is rated in the four highest categories by at least one nationally recognized statistical rating organization.

(4) All money collected by the treasurer of state from the fee imposed by division (K) of this section shall be deposited to the credit of the state securities tender program fund, which is hereby created in the state treasury. The amount of income from the state securities tender program credited to the state securities tender program fund shall not exceed one per cent of the average par value of obligations subject to agreements under division (K)(1) of this section. All other such income shall be credited to the general revenue fund. The treasurer of state may use the state securities tender program fund solely for operations of the office of the treasurer of state.

(L)(1) The treasurer of state and a state university or college issuing obligations under section 3345.12 of the Revised Code may enter into an agreement providing for the following:

Upon the request of the treasurer of state, the department of higher education shall promptly pay to the treasurer of state the amounts withheld.

(2) For purposes of division (L)(1) of this section, "obligations," "state university or college," "bond service charges," and "bond proceedings" have the same meanings as in section 3345.12 of the Revised Code.

(1) Make an investment decision with the primary purpose of influencing any environmental, social, personal, or ideological policy;

(2) Permit any person or entity to which the treasurer of state delegates the management of the investment of state money to make investment decisions with state money with the primary purpose of influencing any environmental, social, personal, or ideological policy.
