

Ohio Revised Code

Section 188.02 Electric cooperative easement use for broadband service.

Effective: May 17, 2021

Legislation: House Bill 2 - 134th General Assembly

An easement granted to an electric cooperative for purposes of transmitting, delivering, or otherwise providing electric power may be used, apportioned, or subleased to provide broadband service and such use, apportionment, or sublease shall not be considered an additional burden on the servient estate.
