

## Ohio Revised Code

### Section 1327.48 State reference standards of weights and measures.

Effective: July 27, 1990

Legislation: House Bill 571 - 118th General Assembly

---

Weights and measures that are traceable to the United States prototype standards supplied by the federal government, or approved as being satisfactory by the national institute of standards and technology, shall be the state primary standards of weights and measures, and shall be maintained in such calibration as is prescribed by the national institute of standards and technology. All secondary standards may be prescribed by the director of agriculture and shall be verified upon their initial receipt, and as often as found necessary by the director.
