

Ohio Revised Code

Section 1567.20 Electrical equipment to be grounded.

Effective: October 29, 1995

Legislation: Senate Bill 162 - 121st General Assembly

The frame and bed plates of generators, transformers, motors other than low voltage mobile motors, and all metallic cable covering other than trailing cables, shall be efficiently grounded.

No owner, lessee, agent, or operator of a mine shall violate this section.
