

Ohio Revised Code

Section 307.204 Procedure concerning construction or expansion of concentrated animal feeding facility.

Effective: November 2, 2018

Legislation: House Bill 34 - 132nd General Assembly

(A) As used in this section:

(1) "Concentrated animal feeding facility" and "major concentrated animal feeding facility" have the same meanings as in section 903.01 of the Revised Code.

(2) "Facility" means a proposed new or expanded major concentrated animal feeding facility.

(3) "Improvement" means the construction, modification, or both of county infrastructure.

(B) A person who proposes to do any of the following shall provide written notification as required under division (C) of this section to the board of county commissioners of the county in which a facility is or is to be located:

(1) Establish a new major concentrated animal feeding facility;

(2) Increase the design capacity of an existing major concentrated animal feeding facility by ten per cent or more in excess of the design capacity set forth in the current permit for construction or modification of the facility or for installation or modification of the disposal system for manure at the facility issued under section 903.02 or division (J) of section 6111.03 of the Revised Code, as applicable;

(3) Increase the design capacity of an existing concentrated animal feeding facility by ten per cent or more in excess of the design capacity set forth in the current permit for construction or modification of the facility or for installation or modification of the disposal system for manure at the facility issued under section 903.02 or division (J) of section 6111.03 of the Revised Code, as applicable, and to a design capacity of more than ten times the number of animals specified in any of the categories in division (H) of section 903.01 of the Revised Code.

(C) The person shall notify the board in writing by certified or ordinary mail of the proposed construction or expansion of the facility and include the following information:

- (1) The anticipated travel routes of motor vehicles to and from the facility;
- (2) The anticipated number and weights of motor vehicles traveling to and from the facility.

(D) At the request of the board, the county engineer may review the written notification and advise the board on both of the following:

- (1) Improvements and maintenance of improvements that are reasonably needed in order to accommodate the impact on county infrastructure that is anticipated as a result of the facility, including increased travel or the types of vehicles on county roads;
- (2) The projected costs of the improvements and maintenance.

Not later than ten days after receiving the written notification, the board may request the person to provide additional reasonable and relevant information regarding the impact of the facility on county infrastructure. The person shall provide the information not later than ten days after the request is made.

(E)(1) Not later than thirty days after the initial written notification is received by the board, the board shall submit to the person its recommendations, if any, concerning the improvements that will be needed as a result of the facility and the cost of those improvements.

(2) Not later than fifteen days after receipt of the board's recommendations, the person shall notify the board either that the person agrees with the recommendations and will implement them or that the person is submitting reasonable alternative recommendations or modifications to the board. If the person agrees with the recommendations, they shall be considered to be the board's final recommendations.

(3) If the board receives alternative recommendations or modifications under division (E)(2) of this

section, the board shall select final recommendations and submit them to the person not later than thirty days after the receipt of the alternative recommendations or modifications.

(F)(1) The board shall prepare a written, dated statement certifying that the written notification required under this section was submitted and that final recommendations were selected regarding needed improvements and the costs of those improvements. The board shall provide the person with the original of the statement so that the person can include it with the application for a permit to install for the facility as required under division (C)(4) of section 903.02 of the Revised Code. The board shall retain a copy of the statement for its records.

(2) If the board fails to prepare a written, dated statement in accordance with division (F)(1) of this section within seventy-five days of receiving the initial written notification by certified mail from the person, the person instead shall file with the application for a permit to install for the facility a notarized affidavit declaring that the person has met the criteria established in this section and that a written, dated statement was not received by the person from the board.

(G) If the person receives a written, dated statement from the board as provided in division (F)(1) of this section, the person shall construct, modify, and maintain or finance the construction, modification, and maintenance of improvements as provided in the board's final recommendations and with the approval and oversight of the county engineer. If the person fails to do so, the board shall notify the person either by certified mail or, if the board has record of an internet identifier of record associated with the person, by ordinary mail and by that internet identifier of record that the board intends to initiate mediation with the person if the person remains out of compliance with the final recommendations.

The board shall allow sufficient time for the person to apply for and proceed to obtain, for the purpose of financing the construction, modification, or maintenance of the improvements, exemptions from taxation under sections 5709.63, 5709.632, 5709.73, and 5709.78 of the Revised Code or state or federal grants that may be available.

If the person remains out of compliance with the final recommendations, the board may initiate mediation with the person in order to resolve the differences between them. If mediation fails to resolve the differences, the board and the person first shall attempt to resolve the differences through

any legal remedies before seeking redress through a court of common pleas.

(H) If the person subsequently submits an application under section 903.02 of the Revised Code for a permit to modify the facility, or if the routes of travel to or from the facility change for any reason other than road construction conducted by the county, the board or the person may request that additional information be provided in writing and shall proceed as provided in this section for the notification and recommendation proceedings.

(I) As used in this section, "internet identifier of record" has the same meaning as in section 9.312 of the Revised Code.
