(a) With respect to a request made to a health care entity, the summary sheet shall contain only information available and reasonably drawn from the child's medical record created by the health care entity.

(b) With respect to a request made to any other individual or entity, the summary shall contain only information available and reasonably drawn from any record involving the child that the individual or entity develops in the normal course of business.

(c) On the request of the review board, an individual or entity may, at the individual or entity's discretion, make any additional information, documents, or reports available to the review board.

(B) Notwithstanding division (A) of this section, no person, entity, law enforcement agency, or prosecuting attorney shall provide any information regarding the death of a child to a child fatality review board while an investigation of the death or prosecution of a person for causing the death is pending unless the prosecuting attorney has agreed pursuant to section 307.625 of the Revised Code to allow review of the death.
