(1) Serve as the community addiction and mental health planning agency for the county or counties under its jurisdiction, and in so doing it shall:

(a) Evaluate the need for facility services, addiction services, mental health services, and recovery supports;

(b) In cooperation with other local and regional planning and funding bodies and with relevant ethnic organizations, evaluate strengths and challenges and set priorities for addiction services, mental health services, and recovery supports. A board shall include treatment and prevention services when setting priorities for addiction services and mental health services. When a board sets priorities for addiction services, the board shall consult with the county commissioners of the counties in the board's service district regarding the services described in section 340.15 of the Revised Code and shall give priority to those services, except that those services shall not have a priority over services provided to pregnant women under programs developed in relation to the mandate established in section 5119.17 of the Revised Code.

(c) In accordance with guidelines issued by the director of mental health and addiction services under division (F) of section 5119.22 of the Revised Code, annually develop and submit to the department of mental health and addiction services a community addiction and mental health plan that addresses both of the following:

needs of all children subject to a determination made pursuant to section 121.38 of the Revised Code;

(ii) The department's priorities for facility services, addiction services, mental health services, and recovery supports during the period for which the plan will be in effect. The department shall inform all of the boards of the department's priorities in a timely manner that enables the boards to know the department's priorities before the boards develop and submit the plans.

In alcohol, drug addiction, and mental health service districts that have separate alcohol and drug addiction services and community mental health boards, the alcohol and drug addiction services board shall submit a community addiction plan and the community mental health board shall submit a community mental health plan. Each board shall consult with its counterpart in developing its plan and address the interaction between the local addiction and mental health systems and populations with regard to needs and priorities in developing its plan.

The department shall approve or disapprove the plan, in whole or in part, in accordance with division (G) of section 5119.22 of the Revised Code. Eligibility for state and federal funding shall be contingent upon an approved plan or relevant part of a plan.

If a board determines that it is necessary to amend an approved plan, the board shall submit a proposed amendment to the director. The director shall approve or disapprove all or part of the amendment in accordance with division (H) of section 5119.22 of the Revised Code.

The board shall operate in accordance with the plan approved by the department.

If the

investigation substantiates the charge of abuse or neglect, the board shall take whatever action it determines is necessary to correct the situation, including notification of the appropriate authorities. Upon request, the board shall provide information about such investigations to the department.

(3) For the purpose of section 5119.36 of the Revised Code, cooperate with the director of mental health and addiction services in visiting and evaluating whether the certifiable services and supports of a community addiction services provider or community mental health services provider satisfy the certification standards established by rules adopted under that section;
